Job Announcement

Community Navigator – COVID and Flu Vaccine Outreach and Education

United Way is seeking a Community Navigator who will perform COVID and Flu vaccine outreach/education in communities where vaccination uptake is lagging.

Responsibilities Include:

- Attend events on behalf of United Way of Long Island and engage with residents on the importance of protecting themselves, family, and friends by discussing the benefits of COVID and Flu vaccination.
- Distribute science-based information on flu and COVID Vaccines developed by the CDC.
- Connect those who wish to be vaccinated to sites and providers.
- Ensure that language and technology are not barriers to vaccine access by scheduling appointments, translating information, and providing guidance and support.
- Scheduling training sessions with other community-based organizations, business owners, and faith-based organizations around improving vaccination uptake in their communities.

Requirements

- Commitment to increasing vaccine equity among adults belonging to racial and ethnic minority groups
- Work occasional weekend or evening hours
- Car and valid license required. Spanish-speaking a plus

Schedule and Compensation

- Full Time
- $50,000 (grant funded position April 30, 2022 – April 29, 2023)
- Mileage reimbursement available
