

LIVE UNITED

Celebration

Impacting Long Islanders Everyday

September 14, 2021
11:30am-1pm

Poolside at the Crest Hollow Country Club Woodbury, NY

With your generous support, United Way along with our Community Partners can continue to respond to the needs of Long Islanders. Thousands of lives have been impacted, including families, individuals, veterans, young mothers with newborns and seniors.

Over the past year we were able to:

- Provide warmth to homes through our Project Warmth Emergency Fuel Fund to over 1,100 families
- Provide Veterans and military families assistance as they re-acclimate to civilian life through our Mission United program
- Assist 10,000 unemployed individuals through our Emergency Gift Card program
- Help seniors by installing over 900 HEPA Air Purifiers in their homes, to eliminate the risk of COVID-19
- Provide digital technology to less advantaged children in support of in-home learning
- Deliver over 5,500 meals and take-home meal kits to frontline healthcare responders
- Grant gift cards to nearly 2,000 families with newborns to purchase baby essentials
- Establish the Safe At Home for Seniors program, connect seniors with critical resources, grocery shopping, transportation to medical appointments, home check screenings, financial counseling and more

With your help we can continue to provide critical resources and services to our neighbors.
