

## Suffolk County Veterans Receive \$5,500 Donation From Teachers Federal Credit Union

With funds raised from the sale of paper American Flags and t-shirt sales through United Way of Long Island's "Operation Live United" Teachers Federal Credit Union provided Suffolk County United Veterans with a \$5,500 donation in support of its programs and services for homeless and at risk Veterans.

"The challenges of returning Vets remain a significant concern on Long Island. We are grateful to the Teachers Federal Credit Union for their generous support and to the United Way of Long Island for conducting their Operation Live United project" stated Suffolk County United Veterans Executive Director Michael Stoltz.

Long Island is home to more Veterans than any metropolitan region in the U.S. aside from San Diego. For additional information or to make a referral, call (631) 924-8088 or go to [www.scuv.org](http://www.scuv.org)

### *About Suffolk County United Veterans*

*Suffolk County United Veterans, founded in 1989, serves the homeless and at-risk Veterans and their families of Suffolk County, Long Island, NY. The organization operates eight sites of progressively-tiered housing in conjunction with a comprehensive range of programs and support services. Its mission is, "To give homeless and at-risk Veterans and their families the support they need to regain their dignity and independence."*
